OCLC Number: (OCoLC)48470852 Subject: Medical care -- Finance -- Law and legislation -- United States. Excerpt: . . . 15 ignated Mental Health Professional Shortage Areas, and the Sur-geon Generals Report on Mental Health, which reveals that one out of five adults and children suffer from mental illness in a given year. It also indicates that mental health problems are particularly acute in underserved areas throughout the Nation. Indeed, mental illness was the fifth most common reason for a visit to a health center in 1999. The committee recognizes that many urban and rural commu-nities served by health centers face a range of environmental health factors that may adversely affect the health of individuals living in those communities and further exacerbate chronic condi-tions, including exposure to lead, chemicals, pesticides, and pollu-tion. Health centers can play an integral role in addressing these environmental health concerns. The committee bill revises the defi-nition of environmental health services to permit health centers to offer the detection and alleviation of chemical and pesticide ex-posures, the promotion of indoor and outdoor air quality, and the detection and remediation of lead exposures. Additionally, the com-mittee bill allows the Secretary to make technical assistance grants to health centers to assist in the provision of environmental health services that are appropriate for the individuals and communities they serve. Public-Private Partnerships Health centers have been particularly resourceful in developing partnerships with private entities to assist with the provision of health care services. Not only do these partnerships assist with the referral to specific specialists who are not employed by the center, but they also assist with the provision of other wraparound serv-ices to...
