The galactic agent known as Hawk has awakened into a galaxy shattered by war. His master, the artificial intelligence known as the Machine, has fallen silent, possibly destroyed, and most of his fellow agents have been killed. Now, as the great Adversary of ancient times returns, sending hordes of aliens against the remnants of humanity, Hawk learns he is our last and only hope. Armed with futuristic weapons he doesn't understand and a sentient starship he dares not trust, he must confront his few remaining allies, turned renegades and pirates instead of soldiers.
