Createspace Independent Publishing Platform, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The therapies in this book are the ones your medical doctor will not mention to you and yet, they have been scientifically proven to work (many of them work much better than any chemotherapy drug out there). Many of those therapies have helped thousands and millions of people get rid of cancer and many other diseases once and forever. They go way beyond good nutrition and diet and there are scientific studies done on each of them. Many of the therapies in this book are completely free, some cost pennies, others cost a few dollars a day, but all of them are based on science and are hundreds of times cheaper than any chemo therapy and most importantly - they have NO side effects (unless you have certain allergies or a specific pre-existing condition). For some of the therapies in this book you don't need to interact with a medical practitioner, for others you do. I believe in treating cancer with anything that works and doesn't make things worse. But it goes without saying that surgery, poisoning and burn shouldn't be acceptable ways to treat a disease, which is curable in other ways. Medical Doctors and Bio Med Companies are doing their jobs. They do what they are expected to do and what they are paid for. You have to do your job. And your job is to take your own health in your own hands and not trust anyone, but yourself when it comes to your body. You hold the power to cure yourself and you should not give that power away to anyone, who makes profits out of your disease, as when that is the case,...
