Blackstone Audiobooks, 2017. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. When the Twin Towers suddenly reappear in the badlands of South Dakota twenty years after their fall, nobody can explain their return. To the hundreds, then thousands, then tens of thousands drawn to the American Stonehenge --including Parker and Zema, siblings on their way from Los Angeles to visit their mother in Michigan--the Towers seem to sing, even as everybody hears a different song. A rumor overtakes the throng that someone can be seen in the high windows of the southern structure. On the ninety-third floor, Jesse Presley--the stillborn twin of the most famous singer who ever lived--suddenly awakes, driven mad over the hours and days to come by a voice in his head that sounds like his but isn't, and by the memory of a country where he survived in his brother's place. Meanwhile, Parker and Zema cross a possessed landscape by a mysterious detour no one knows, charted on a map that no one has seen. Haunting, audacious, and undaunted, Shadowbahn is a winding and reckless ride through intersections of danger, destiny, and the conjoined halves of a ruptured nation.
