

Striving for Victory on the Cheap: Imposing Democracy in the Absence of Total War (Paperback)

By Infantry Ltc Hank Arnold

Createspace, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Can the United States successfully impose democracy by force without resorting to the same level of total warfare it waged on Germany and Japan in the Second World War? The hypothesis for this research is that the U.S. can successfully force democracy on an undemocratic state without resorting to total war, but it can only do so through a comprehensive plan that includes the coordinated and integrated application of all instruments of national power and influence. This is an important question for operational and strategic planners and policy makers, because the United States has embarked on a series of actions since the Second World War to impose democracy by force, but has been reluctant to wage total war in order to achieve that goal. The evaluation criteria for this research are drawn from two main sources. The first source is Dr. Eva Bellin's article in Political Science Quarterly (Volume 119, Number 4, 2004-2005) titled The Iraqi Intervention and Democracy in Comparative historical Perspective. In that article, she posits seven factors that significantly contributed to the success the U.S. experienced with Japan and...
