A spine tingling, fast paced, heart pounding thriller set against the backdrop of the family friendly theme parks of Orlando. As night time falls on an isolated cabin nestled in the swamplands of central Florida, a twelve year old bare chested boy wearing a red cape sobs uncontrollably. He sits at a dining table flanked by a dark sinister figure wearing an evil wolf mask. Sitting opposite is a slobbering obese man wearing an evil pig mask, grease dribbling down his chin from the medium rare steak he is consuming. This is the last meal the boy will eat before he is subjected to an endless brutal attack resulting in his life being taken and his body dumped in the swamp to be eaten by the creatures that lurk in the dark muddy waters. Orlando Detectives Andy Cooper and Maria Hernandez are on a tight time frame to end what appears to be a spate of gang related killings. Their Lieutenant wants the situation resolved before it begins to affect the tourist trade that the city relies upon. As they try to prevent an all out gang war on the streets, a missing child report leads Hernandez on an investigation that sees her teaming up with a legendary retired cop. The deeper they dig, they uncover something far more sinister than either of them anticipated and when the clues start leading them closer to home everybody becomes a suspect. Can the unlikely pairing put the pieces of the puzzle in place before another victim enters the Genesis Chamber? With jaw dropping twists around every corner this action packed thriller will leave you wanting more. Welcome to The Genesis Chamber.
