paperback. Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 203 Publisher: Harbin Engineering University Press Pub. Date :2006-08. book is mainly prepared by the machining process planning. machine manufacturing principles. machine fixture. a typical diesel engine parts processing of several parts. Machining process planning focuses on the development of some of the mechanical composition of process planning. the development of principles. methods and procedures. the choice of locating datum. dimension chain calculation process and the development of mechanical processing routes and other basic knowledge; mechanical principle part of the manufacturing process introduces the machining accuracy and machining surface quality. etc.; Clamping part introduces the positioning of the workpiece positioning principles and common components. positioning error analysis and calculation method. the workpiece clamping and clamping mechanism. several commonly used machine tools characteristics of the fixture; typical part describes some of the major processing base engine. crankshaft. piston. connecting rod and other typical part of the process analysis and processing methods. Contents: Chapter machining process procedures outlined in the formulation of Section II Section III rough part of the process analysis of the choice of the choice of locating datum IV Section V Section VI allowances process line and process development of the first dimension seven time scale and means of raising labor productivity VIII exercises to develop examples of process planning. a second chapter an overview of Section II precision machining geometric errors III process system process system error caused by the deformation fourth section process system error caused by thermal deformation of the workpiece Section V Section VI errors caused by internal stress machining errors in section VII to enhance and ensure a comprehensive analysis of the measures precision machining Problem 2 Chapter Overview Section II surface...
