

Theories of Reading: Books, Bodies, and Bibliomania (Paperback)

By Karin Littau

Polity Press, United Kingdom, 2006. Paperback. Condition: New. Language: English . Brand New Book. Why do literary theorists see reading as an act of dispassionate textual analysis and meaning production, when historical evidence shows that readers have often read excessively, obsessively, and for sensory stimulation? Posing these and other questions, this is the first major work to bring insights from book history to bear on literary history and theory. In so doing, the book charts a compelling and innovative history of theories of reading. While literary theorists have greatly contributed to our understanding of the text-reader relation, they have rarely taken into account that the relation between a book and a reader is also a relation between two bodies: one made of paper and ink, the other flesh and blood. This is why, Karin Littau argues, we need to look beyond the words on the page, and pay attention to the technical innovations in the physical format of the book. Only then is it possible to understand more fully how media technology has changed our experience of reading, and why media history presents a challenge to our conceptions of what reading is. Each chapter places the reader in specific disciplinary...

Reviews

Extensive information for book fans. It is written in basic words and never hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Otis Wisoky**

This publication is great. It is full of wisdom and knowledge. You will not really feel monotony at any time of the time (that's what catalogs are for relating to when you ask me).
