

Internet-Based Weather Station

Filesize: 2 MB

Reviews

Extensive guideline! Its such a great go through. It is definitely basic but surprises in the 50 % of the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Fernando Hahn)

INTERNET-BASED WEATHER STATION

LAP Lambert Academic Publishing Feb 2013, 2013. Taschenbuch. Book Condition: Neu. 220x150x6 mm. This item is printed on demand - Print on Demand Neuware - This is a work of an Internet-based weather station project that can obtain different types of information from the weather, or what we can call the weather parameters, this project has been done based on Internet, which means the data received throughout the PC is being uploaded instantaneously to an online website. PIC micro-controller has been used to acquire the weather parameters which in this project are the temperature, humidity, wind speed and rain detection sensors, however these parameters are received through Visual Basic software every one second and they are uploaded to the website online each and every one minute. The user will have the ability to see the the complete numeric data of the weather parameters obtained by the processor, in addition to that the user will also be able to see the same information graphically with the help of Google graphs. 108 pp. Englisch.
