Tree Tongue, United Kingdom, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Colourpuncture is the revolutionary new medicine of light founded and developed by scientist and healer Peter Mandel. By focusing coloured light on acupuncture (and other) points on the skin, it energizes powerful healing impulses in our physical and energy bodies. In Colour Me Healing Jack Allanach tells the story of Mandel s discovery and subsequent evolution of this radical new system, one which could well be the medicine of the future - a medicine of light and colour, rather than drugs. As well as describing the development of Colourpuncture, this unique book offers new insights on the nature of illness and disease and their non-physical origins. Colour Me Healing is an outstanding and compelling journey. It takes the reader through the development of this new medicine of light to the forefront of modern science and biophysics. It is essential reading for anyone concerned with opening a new window onto emotional disharmonies and the energetic imbalances that cause sickness. Jack Allanach writes regularly for multinational telecommunications companies. He lives with his wife in the Blue Mountains near Sydney, Australia. Expertly written and highly readable, this astounding book offers an extraordinary insight into the medicine of the future. It includes: . Jack Allanach s own experience of Colourpuncture . Peter Mandel s initiation into the world of healing . The nature of illness and disease . An explanation of Colourpuncture . An introduction by the internationally recognized biophysicist Dr Fritz-Albert Popp.
