The horrid panorama of battle, well portrayed, possesses a fascinating interest for every one. The science of war, including that of fortification, requires the highest application of the exact sciences, and the best skill of well educated minds. In its practice the greatest variety of detail is brought into play, sustained by personal courage and the highest exhibition of human energy. With all these advantages of a subject, the readers of these pages must not anticipate literary attractions. During a brief service in the war of the Rebellion, my field notes, sketches and maps naturally accumulated, as the results of personal observations. The memory of those days has not weakened by the lapse of time. Every reference to those memoranda has made the recollection of events more interesting and vivid. I shall not be able to impress upon my readers these glowing visions of the past, which, under the mechanical act...

Reviews

These kinds of publication is the greatest pdf available. Better then never, though i am quite late in start reading this one. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Lorena Streich

It becomes an awesome pdf that I have actually read through. It really is full of knowledge and wisdom You may like how the writer compose this book.
