Createspace Independent Publishing Platform, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.

*Covers the prehistoric era to the controversy over Iran s nuclear program. *Includes maps and pictures of important people. In 2011, violence erupted across the Middle East in the form of revolts against authoritarian regimes. Across the region, from Egypt to Syria, thousands fought and died to push out despots, some successfully and others unsuccessfully. Yet despite this historic violence, much of the world s foreign policy focus has been on Iran s nuclear program, and the potential for war between Iran, Israel, and the West. Although Iran had peaceful nuclear programs with Western cooperation before the Islamic revolution, it s widely believed that the regime, headed by Ayatollah Khomeini and now Ayatollah Khomeini, began to work in earnest toward a nuclear program that could result in bombs around the late 90s. Still, it was (and remains) unclear the extent to which Iran s nuclear program has progressed, with the potential date of Iran obtaining nuclear weapons constantly changing. As Graham Allison, a Harvard professor and leading security strategist, put it in November 2011, the Iranian nuclear program is a Cuban missile crisis in slow motion. People may know what s going on in Iran today, but the obsession over its nuclear program often overlooks the unique intricacies of the nation and its people, particularly the long, illustrious history of the Persian Empire. Iranians have long been proud of their history and culture, to the extent that foreign negotiators who do not entirely understand the history and culture have referred to a Persian psyche. How did Iran get to where it is today, at the forefront of global affairs? The history of Iran and the theme of Persian conflict with the...
