

Its Wildness Lies in Wait: Mathematical Fallacies, Cognitive Traps, and Debunking the Myths of the Lottery (Paperback)

By Mark Jones Lorenzo

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Destined to become a modern classic, Its Wildness Lies in Wait is the definitive guide to not getting played by the lottery. Record-setting lottery jackpots occur regularly around the world, but great riches seem to lie just outside our grasp. So we look for an edge: by using lotto websites, books, software, systems (or wheels), and even the supernatural. But is there an edge? Or is there really no way to increase our chances of winning the lottery, short of buying more tickets? It s time to finally set the record straight by dispelling the many myths surrounding the lottery. In a landmark new book, Mark Jones Lorenzo picks apart dozens of loud, flashy, and false lottery myths. And he argues persuasively that lotto systems, software, and other popular techniques and methods supposedly designed to provide players an advantage are mostly deceptive pseudoscientific nonsense, not satisfying the criteria of mathematical soundness, statistical rigor, or empirical efficacy.Lorenzo, a longtime instructor of mathematics, offers up a sophisticated, carefully reasoned, and powerful meditation on the lottery, exhaustively exploring the many strains of...
