Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This comprehensive guide to the Project Management and Accounting module in Microsoft Dynamics AX provides the overview you need to harness the software's power to grow your business. This Dynamics AX module is ideal for tracking time and costs within an organization, providing invaluable information for financial and project management. It is crucial that you thoroughly plan your setup to take advantage of the module's integration with other software features, such as Payables, Receivables, Inventory, General Ledger, and more. Part 1 of this two-part guide reviews major topics in accounting and controlling as they relate to module setup and configuration. A second volume, part 2, demonstrates how to tap into the module's extensive functionality in specific scenarios. Together, both parts form an exhaustive manual. Demo machines are available for download and ready to run without specific add-ons or code modifications, though basic knowledge of Microsoft Dynamics AX terminology is vital. These demos allow you to follow along with all examples given. With its focus on issues of accounting and control, this informative manual helps you optimize your use of Dynamics AX to ensure your project's success.
