EXPLORING MATTER WITH TOYS: USING AND UNDERSTANDING THE SENSES

Terrific Science Press. Paperback. Condition: New. 206 pages. Dimensions: 10.8in. x 8.4in. x 0.6in. This unique resource for teachers of grades 1-4 is filled with innovative ways to use ordinary toys and play materials to demonstrate how the senses work in a way that young children can understand. And the best part is that these hands-on activities have already been proven effective in the classroom! Based on the successful National Science Foundation-funded Teaching Science with TOYS program at Miami University of...

Reviews

Complete manual! Its such a great study. We have read through and so i am confident that i am going to going to go through once again once more down the road. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Jo Feest**

This pdf is really gripping and interesting. We have go through and that i am confident that i will planning to read yet again once again later on. You wont feel monotony at at any time of your time (that's what catalogs are for relating to in the event you question me).

-- **Miss Madisyn Gulowski**
