

Modern Piano Technique (Paperback)

By Tony Llewellyn

Createspace Independent Publishing Platform, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Modern Piano Technique is for those who want to fast-track their ability to play piano with a contemporary feel. It is not a book of songs but, as the title implies, a book that will teach you fundamental techniques used in playing contemporary keyboard. If you learned classical music and are frustrated because you've found it difficult to make the switch to contemporary songs, this book is for you. If you've attained a reasonable level of proficiency in playing modern piano and want to round out your performance using modern methods, this book is for you. Modern Piano Technique introduces you to the techniques modern pianists use in the rock piano style, and gives practical examples of how to apply these techniques to a chord progression. In Modern Piano Technique, you will learn how to play modern piano by learning how to pivot, arpeggiate, use major seventh chords, add ninths and elevenths, rock your music, and more.
