

Public Key Infrastructure: Second European Pki Workshop: Research and Applications, Europki 2005, Canterbury, UK, June 30- July 1, 2005, Revised Selected Papers

By -

Springer. Paperback. Condition: New. 272 pages. Dimensions: 9.0in. x 5.9in. x 0.6in. This book contains the proceedings of the 2nd EuroPKI Workshop EuroPKI 2005, held at the University of Kent in the city of Canterbury, UK, 30 June-1 July 2005. The workshop was informal and lively, and the university setting encouraged active exchanges between the speakers and the audience. The workshop program comprised a keynote speech from Dr. Carlisle Adams, followed by 18 refereed papers, with a workshop dinner and a guided tour around the historic Dover Castle. Dr. Adams is well known for his contributions to the CAST family of symmetric encryption algorithms, to international standards from the IETF, ISO, and OASIS, authorship of over 30 refereed journals and conference papers, and co-authorship of *Understanding PKI: Concepts, Standards, and Deployment Considerations* (Addison-Wesley). Dr. Adams keynote speech was entitled *PKI: Views from the Dispassionate I*, in which he presented his thoughts on why PKI has been available as an authentication technology for many years now, but has only enjoyed large-scale success in fairly limited contexts to date. He also presented his thoughts on the possible future(s) of this technology, with emphasis on the major factors hindering adoption and some potential directions for future research in these areas. In response to the Call for Papers, 43 workshop papers were submitted in total. All papers were blind...
