

Teaching Reading to English Language Learners, Grades 6-12: A Framework for Improving Achievement in the Content Areas

Filesize: 4 MB

Reviews

This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Juliet Mertz)

TEACHING READING TO ENGLISH LANGUAGE LEARNERS, GRADES 6-12: A FRAMEWORK FOR IMPROVING ACHIEVEMENT IN THE CONTENT AREAS

SAGE Publications Inc, United States, 2007. Paperback. Book Condition: New. 251 x 175 mm. Language: English . Brand New Book. English Language Learners are no longer confined to just a few states, but can be found in just about every classroom. Without strong reading skills, ELLs cannot develop to their fullest potential and are at greater risk for dropping out of school. Many ELLs don't fully develop their literacy skills in the elementary grades or begin their schooling in middle or high school. And most mainstream teachers may not have the training and preparation to teach language minority students. This resource provides assistance to teachers who struggle with the question of how to appropriately present complex subject matter to students who are just learning to speak English. With funding from the Carnegie Corporation and the US Department of Education, Margarita Calderón and her associates developed the ExCELL (Expediting Comprehension for English Language Learners) model. From this successful program they created the ExC-ELL Observation Protocol, a tool for planning content lessons; coaching for literacy coaches not familiar with ELL instruction; supervision by administrators; teacher self-reflection; peer coaching; and conducting classroom research. This practical guide is full of ready-to-use tools, including: Lesson templates, Rubrics, Sample lesson plans in mathematics, science, language arts, and social studies, Descriptions of successful programs, Professional development designs. This book is designed for middle and high school teachers of English, science, math, and social studies who teach one or more ELL students. Middle and high school principals, literacy coaches, content curriculum specialists, and central office administrators will find this to be a useful tool in raising the achievement of ELLs.
