## THE ICE CHILD

[DOWNLOAD](#)

Dutton Adult, New York, 2001. Hardcover. Condition: New. Dust Jacket Condition: New. First Edition. Mylar protected dust jacket. Jo Harper is a contemporary London journalist saddled by her editor with a story she doesn't want. Namely: Douglas Marshall, an eminent archaeologist, has set out on a trek to research the (real-life) Franklin expedition, which disappeared more than a century ago during a hopeless search for the Northwest Passage. Now Marshall has gone missing too. In the course of her preliminary spadework, Jo finds an archived BBC program wherein Marshall describes the folly of Franklin's endeavor: Just a few short miles of ice. What was that to the greediest colonizing nation in the world? What were the months of darkness, and the strongest sea currents on the planet? The finest nautical minds of the age talked about it as if it were an afternoon jaunt, brushing aside a few natives, bears, and bits of tundra. McGregor alternates Jo's story with a running account of the Franklin expedition, narrated by a 16-year-old sailor named Gus. Meanwhile, Marshall is found, and he and Jo pursue a clearly doomed romance. When their child is born with a rare blood disease, the distraught mother commissions a modern-day Arctic expedition to save the baby".
