A spirited, deeply personal inquiry into the near-mythic life and canonical work of J. D. Salinger by a writer known for his sensitivity to the Manhattan culture that was Salinger s great theme.Three years after his death at ninety-one, J.D. Salinger remains our most mythic writer. The Catcher in the Rye (1951) became an American classic, and he was for a long time the writer for The New Yorker. Franny and Zooey and Raise High the Roof Beam, Carpenters introduced, by way of the Glass family, a new type in contemporary literature: the introspective, voluble cast of characters whose stage is the Upper East Side of New York. But fame proved a burden, and in 1953 Salinger fled to New Hampshire, spending the next half century in isolation.Beller has followed his subject s trail, from his Park Avenue childhood to his final refuge, barnstorming across New England to visit various Salinger shrines, interviewing just about everyone alive who ever knew Salinger. The result is a quest biography in the tradition of Geoff Dyer s Out of Sheer Rage, a book as much about the biographer as about the subject-two vivid, entertaining stories in one.
