*It is one of the best publications. It is really very intriguing through reading through periods of time. You will not feel monotony at any time of your own time (that's what catalogs are for relating to in the event you request me).*

The Children s Meditations in my Heart, a collection of meditations originally published in Danish, focus on the love you already share in your family. They give you a language full of symbols of love, and strengthen your child s sense of belonging and self-love. The book contains four short stories for sharing together. After a brief introduction, you will guide your child into their heart and teach your child to fill their heart with love. In the meditations, your child will also learn to send and receive love from a distance, to pick up love from the Little Cloud of Love, and to send love out into the universe. Please also enjoy your own beautiful journey into your heartland with your child. Wishing you a magical journey full of love with your child. This book is so much more than a book. It teaches you a way of being in the world.
