Brand New Book ***** Print on Demand *****.Finding a job is a difficult task for anyone especially in today s economy. Add a diagnosis of Asperger s Syndrome, a disorder that is on the Autism Spectrum into the equation and things become down right frustrating and difficult. As I have learned over the past 5 to 10 years of my life finding a job is a job within itself. It is very time consuming and it requires a lot of high level social skills which are very difficult for me. I have learned many things from my search for meaningful employment over the past few years. The most important thing is that I have tried many jobs. In doing so I have gained a ton of confidence that I know how to do a physical job. I have not had one job situation presented to me over the past few years that has given me difficulty with physically performing the functions required to complete the job. This has helped improve my self-esteem and confidence levels because before the age of 27 I had not worked a meaningful job in over 8 years. I was scared to even apply for jobs because I was not sure if I could work a job. Instead, the main issue that presents itself in finding the perfect Autism job is not related to the physical functions of the job at all. The main issue with providing difficulty in completing most job tasks that I have found is the social skills barrier between forming social relationships with other peers. While, you are not exactly trying to form social relationships individuals on the job that are employees at a deep level in...
