Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Guideline on Computer Performance Management, an Introduction: Category, Adp Operations; Subcategory, Computer Performance Management The Federal Information Processing Standards publication-series of the National Bureau of Standards is the official publication relating to standards adopted and promulgated under the provisions of Public Law 89-306 (brooks Act) and under Part 6 of Title 15, Code of Federal Regulations. Under pl. 89-306 the Secretary of Commerce has important responsibilities for improving the utilization and effectiveness of computer systems in the Federal Government. To carry out the Secretary s responsibilities, the nbs, through its Institute for Computer Sciences and Technology, provides leadership, technical guidance, and coordination of Government efforts in the development of technical guidelines and standards in these areas. The complexity of managing today s adp computer facility is compounded by the growing technological complexity and interaction of the resources being managed. This technological complexity demands that highly specialized tools and techniques be available to the adp manager so that he may more effectively and efficiently manage his installation. The objective of a Computer Performance Management program is the application of this contemporary, specialized technology...
