# ECOLOGICAL ECONOMICS

2016. Hardcover. Book Condition: New. 444 ABOUT THE BOOK:- Ecology is the scientific analysis and study of interactions among organisms and their environment. It is an interdisciplinary field that includes biology and Earth science. Ecology is as much a biological science as it is a human science. Human ecology is an interdisciplinary investigation into the ecology of our species. Ecosystems are habitats within biomes that form an integrated whole and a dynamically responsive system having both physical and biological complexes....
