THE AUTOMOTIVE CHASSIS. VOL.2

Condition: New. Publisher/Verlag: Springer Netherlands | The Automotive Chassis is the result of two decades of experience: On the one hand from the experience of teaching courses such as Vehicle Mechanics, Vehicle System Design, Chassis Design to engineering students; on the other hand from the design practice of vehicle and chassis components in a large automotive company. This work is addressed primarily to students of automotive engineering and secondarily to all technicians and designers working in this field. It is...
