Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.

Createspace, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Crooked Pathways A collection of hilariously woeful yarns rinsed in the darkest of humour, draped across a paranormal catastrophe waiting to happen! *** Smashed on glue, Jimbo became intuitively aware of his fleshy remains being pulled gently from him like eggshell being peeled from a hard-boiled egg. It would seem that not breathing nor needing to breathe was a truly awesome and infinitely more effortless way to be! He felt as though a gigantic cosmic sponge had absorbed all the wretchedness from his life, sucking all his karmic woes away. This was an excellent feeling. *** Danny Texas is not a well lad. Battling with leukaemia he takes you through a heartrending comedy as a patient at Glasgow Royal Infirmary in the 1980s, finding himself trapped in a geriatrics ward. A poignant tale about a pure radge. *** Jimbo and his three stoned friends decide to cycle from Bristol to the Black Mountains revved up on microdots, valium, and eggs beans and chips. A psychedelic bike-ride these four loons will never forget as they accidentally stray onto blighted land soaked in historical eeriness. *** What does an opinionated, belligerent, alcoholic atheist do when he finds himself in a weird after-life, marooned in a Cornish pub? Cosmic Mark, has to come to terms with being dead as well as being dead thirsty for whiskey. The time has come for a settling of scores, the time has come for a little driNky. Let the haunting begin!.
