Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. In *Are Goddesses Real? Letters to My Daughter*, author Elizabeth Y. Selden shares her experiences as a minister, Celtic shaman, metaphysician, and mother along with her beliefs and training to help you along the path to spiritually empowered living. Born of the desire to pass her insights about ancient knowledge on to her daughter, *Are Goddesses Real?* takes a conversational approach to understanding esoteric philosophies, focusing particularly on their relevance to the modern maiden-mother-crone. Poetry, letters, and personal reflections are interspersed with detailed practical guidelines for implementing concepts, rituals, and strategies for spiritual growth into your daily life. With this book, readers enter a dimension where magick is far more than card tricks and illusion. Rather, it s something each of us creates every day. It s a world where everything is energy, a constant flow of positive and negative vibration. In this world, angels and demons are tangible, as are mermaids, elves, and fairies-if we open our awareness to them. Addressing questions such as what are we made of? and how are we connected? with joy and faith, *Are Goddesses Real?* will help you become an awakened, empowered, conscious individual-a living goddess (or god) in your own right!.
