

Basic Statistics and Epidemiology: A Practical Guide (1st New edition)

Filesize: 5 MB

Reviews

Unquestionably, this is the best operate by any author. It is among the most amazing pdf i actually have read. Its been designed in an remarkably basic way which is just right after i finished reading this pdf by which basically altered me, change the way i believe.
(Harold Spencer)

BASIC STATISTICS AND EPIDEMIOLOGY: A PRACTICAL GUIDE (1ST NEW EDITION)

Radcliffe Publishing Ltd. Paperback. Book Condition: new. BRAND NEW, Basic Statistics and Epidemiology: A Practical Guide (1st New edition), Antony Stewart, This straightforward primer in basic statistics emphasizes its practical use in epidemiology and public health, providing understanding of essential topics such as study design, data analysis and statistical methods used in the execution of medical research. This new edition is substantially revised and includes entirely new material on statistical power and sample size. Clearly worded and assuming no prior knowledge, it gives full step-by-step guidance on performing statistical calculations. It contains numerous examples and exercises with detailed answers to help readers grasp the main points of these complex subjects with ease, providing doctors, nurses, health managers, researchers and students with a concise and practical guide. Comments on previous editions: 'A spectacular approach to writing a book of this nature. I have found it to be very useful in my day-to-day work activities. I would have loved to have this sort of book when I was in University. It gives a detailed orientation for beginners and a great review for those wanting to look up a topic without the exhausting details.' Jocelyn Murray, Epidemiologist, NASA, USA 'This is probably the clearest and best presented statistics book I have read. I will definitely be keeping a copy on my bookshelf!' Clinical Oncology 'An excellent book - clear and well written, providing a really good basic grounding in both statistics and epidemiology.' Nick Spencer, Professor of Child Health, Warwick University.
