This is work of fiction narrates the few months in the life of Monia, a simple girl from a small town of Bharatpur in North India. Monia's life was not different from most of the middle class females of India but her decisions puts her in a unique category, which is reserved for few people. This lady had limited exposure in life and had her fears and simple expectations from life. But, life is not without its challenges. Most of us know about the importance of taking challenges in our life, which includes taking initiations and responsibilities. These are necessary part to grow in life and get success but several people neglect the importance of taking challenges. People shun responsibilities as any responsibility requires commitment for the task undertaken. Accountability is also personal and an individual taking responsibility can face the heat of any failure. Some people succumb to this heat which restricts them from taking any challenge next time. The right way to take responsibilities is to become a learner who learns from every failure and every victory too. A person who improves with time becomes unstoppable as any failure makes him stronger as any triumph. Every challenge becomes a learning experience which enhances the capabilities of a person. Initiation is another type of challenge which is originating something or starting something new. Entrepreneurs can be considered as people taking initiations as they look for latent needs in the market to develop products or services to satisfy the market. Initiations can be taken inside any organization by dedicated employees who can work towards identifying ways to improve productivity or reduce costs, even if these initiations are not the part...
