But, there are a number of minority groups in the U.S. that have prosperous lives not defined by the Euro-American culture. Iranian Immigrants are one such group. The social coaching and style of Iranian Immigrant mothers residing in the U.S. were studied in a cultural psychology framework for their contribution to preschool children s peer competence. Thus, Iranian Immigrant mothers cultural beliefs regarding childrearing practices were examined. 20 mother-child dyads participated in two tasks. Assessments of children s social development were obtained using the SCBE rating scale. Results indicated small associations between mothers coaching and socialization style to children s peer competence.
