## THE CONSPIRACY, FRAUD, QUACKERY AND DEATH OF PSYCHIATRY

[DOWNLOAD PDF](#)

AuthorHouse. Paperback. Book Condition: New. Paperback. 580 pages. Dimensions: 8.9in. x 6.0in. x 1.0in. Psychiatry became established in the late 1800s and its goal was to eradicate mental illness, to improve the mind, intelligence and well being of the American people but history shows that it had turned into a completely opposite direction. The conspiracy is explained throughout this book showing how simple dyslexia in children was turned into the ADHD scam that resulted in millions of children being placed on brain-damaging drugs especially, Ritalin and Prozac. Read about the DSM Bible of Psychiatry with over 374 mental illnesses and behavioral disorders listed, but were never researched. There are no known causes, tests or examinations to prove they do or do not exist, and whether they are still present or absent, so treatment is based on a Gypsies crystal ball as to when the patient is well or cured - if ever. Learn how non diseases are converted into disorders through the use of metaphors. Compare: Typhoid Fever and Spring Fever; Chronic Hoarding Disorder and Pathological Gambling Disorder, etc. Learn about schizophrenia and depression; also electroshock, psychosurgery, neuroleptic and antidepressant drugs, and what they have to offer beside brain damage. Learn about the natural approach to mental health that encourages self-reliance, ethical and moral behavior and assists any person to handle his own problems, and to understand and monitor his own conscience, health and behavior through his postulates. This is done through supervised one-on-one Soul Guidance Counseling with alternatives of private Rehab Meditation. Its in the book titled, A Practical Handbook For Unlimited Spiritual Ability (Optimum Self-Government), by Donald A. Dahlin, D. C. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
