Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Remarks Upon Mr. Carter s Outline of an Institution for the Education of Teachers Mr. Carter shows uncommon interest in the important subject of these essays; he has long devoted himself to it, and made it the object of deep study and extensive research. His Letters to the Hon. William Prescott, published two or three years since, on the free schools of New England, show him to be, not only well acquainted with their origin, their history, the important bearings they may have upon our national character, the defects, or rather the injurious plans of instruction, which every where prevail in them, but also that he has carefully investigated the science of education generally, and knows well the principles by which it must be directed, in order to act beneficially and with effect. Nor is Mr. Carter a visionary, inexperienced theorist. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
