Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Science and Immortality: The Christian Register Symposium The major part of the discussion which follows was published in the Christian Register of April 7, 1887. It attracted wide attention, and a desire has been expressed to have the symposium in a more permanent form. In reprinting it for the present volume, the contributions have all been submitted to their authors for revision; and the work has been much enriched by additional contributions from Prof. A. Graham Bell, Gen. A. W. Greely, of the United States Signal Service, Prof. Joseph Le Conte, of the University of California, Prof. Ira Remsen, of Johns Hopkins University, and Prof. Edward C. Pickering, of Harvard Observatory. These new contributions give a fresh interest to the book. In the Notes on the Testimony following the symposium, the converging and diverging lines of debate are indicated. Interest in the discussion will be increased by the biographical notes which follow it, giving a brief outline of the scientific career of the writers of this volume.
