Her mother went insane and was taken away, her father left her, and her older sister Delilah has Down syndrome. Everything seems to be doing fine or not-so-fine, and when her 8th grade life contains girl drama, boy drama, suspected fatalities and ugly reunions, it seems to be turning out to be one of those not-so-fine times. Iris has a theory: With twist after twist, climaxes and low points, life is a giant storybook, with every person having their own chapter. But it seems that the world sees the people with conditions as supporting characters. And if there s one thing Iris wants to do . is stop this. Because in the end, everyone is their own protagonist of their own chapter.
