

## A Symposium of Connectivism: Or Stuff That Should Have Been Deleted (Paperback)

By Steven Steve LaTour

Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Feeling the need to have a trilogy, the author decided to put together a jumbled mishmash of absolute nonsense that would best have been left on the cutting room floor (which is not possible since he lacks a room of this kind). Then again, that pretty much describes the first two books as well so no worries, mate. Love it or hate it, you will probably never experience anything else like it in your life (and for that you should be grateful). Welcome to book three of a series of three (and give thanks to God that it s finally all over).
