CAKEMIX SPIRITUALITY: 2ND EDITION (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Cakemix Spirituality is an extraordinarily unique gathering of words written from the perspective of an unhindered mind. As a result, a natural filtering of unnecessary analytical spiritual data is prevalent, thus manifesting a clear concise perspective regarding a wide range of spiritual/human issues. Cakemix Spirituality introduces a new SIMPLE universal concept in the first chapter, which is then continuously referred to throughout the book to be used as a foundation to support data pertaining to a varied array of spiritual topics. This original concept merges with some currently accepted cultural views, while also occasionally logically challenging particular societal views. The simplicity of Jim Cartwright s Energy Combination concept can be for some; ironically, difficult to understand, as it quite often renders the analytical ego mind (the dysfunctional mind within the mind) obsolete, threatening its conditioned perspective. Cakemix Spirituality initially explains how an individual unconsciously regulates their unique personal spiritual Energy Combination, then builds on this explanation thus helping the reader to transition from unconscious regulation, to conscious regulation of their spiritual Energy Combination. The individual Energy Combination concept is then used as a basis to identify critical issues relating to the human species as a collective. The author then provides solutions to the issues identified. The author s rare writing style is a refreshing injection of simplistic clarity, hence helping the reader to better understand the Primary nature, and Purpose of their Being.
